

# Annual Symposium Belgian Society for Microbiology 2022

Friday 11/03/2022

Academy Palace, Brussels

08.30-09.00 Atrium	Registration and poster mounting
09.00-10.50 Plenary session Auditorium Albert II	09.00-09.05 Welcome address – Eveline Peeters (VUB)
	09.05-09.50 Opening lecture “In the spotlight” – Chair: Sarah Lebeer (UAntwerpen)  Elisabeth Bik – The Dark Side of Science: Misconduct in Biomedical Research
	09.50-10.35 Plenary lecture Section A – General Microbiology – Chair: Laurence Van Melderen (ULB)  Yves Brun (Université de Montréal) – Localizing peptidoglycan synthesis for bacterial growth and morphogenesis
	10.35-10.50 General assembly BSM – Eveline Peeters (VUB) & Xavier Saelens (UGent)
10.50-11.10 Atrium	Coffee break
11.10-12.10 Parallel sessions Section A Auditorium Albert II	11.10-12.10 Parallel session Section A – General Microbiology (Auditorium Albert II) – Chair: Jan Michiels (KULeuven)  Speaker A1 (to be selected) Speaker A2 (to be selected) Speaker A3 (to be selected) Speaker A4 (to be selected) Speaker A5 (to be selected)
Section B Rubenszaal  Section C Ockerghemzaal	11.10-12.10 Parallel session Section B – Applied and Environmental Microbiology (Rubenszaal) – Chair: Frank Delvigne (ULiège)  Speaker B1 (to be selected) Speaker B2 (to be selected) Speaker B3 (to be selected) Speaker B4 (to be selected) Speaker B5 (to be selected)

	<p><b>11.10-12.10 Parallel session Section C – Host-Microbe Interactions (Ockerghemzaal) – Chair: Xavier Saelens (UGent)</b></p> <p>Speaker C1 (to be selected)  Speaker C2 (to be selected)  Speaker C3 (to be selected)  Speaker C4 (to be selected)  Speaker C5 (to be selected)</p>
12.10-14.00	<b>12.10-12.40 Lunch break</b>
Atrium	<b>12.40-14.00 Poster session</b>
14.00-15.30	<p><b>14.00-14.45 Plenary lecture Section B – Applied and Environmental Microbiology</b>  – Chair: Géraldine Laloux (UC Louvain)</p> <p>Martin Ackermann (ETH Zurich) – A single-cell perspective on microbial interactions</p>
Plenary session	<p><b>14.45-15.30 Plenary lecture Section C – Host-Microbe Interactions – Chair: Françoise Van Bambeke (UC Louvain)</b></p> <p>Hilde De Reuse (Institut Pasteur) – Strategies of <i>Helicobacter pylori</i> to persistently colonize the human stomach</p>
15.30-15.50	<b>Coffee break</b>
Atrium	
15.50-16.50	<p><b>15.50-16.35 BSM Honorary Lecture – Chair: Eveline Peeters (VUB)</b></p> <p>Guy Cornelis – How sleepwalkers hit the injectosome</p>
Plenary session	<p><b>16.35-16.50 Announcement of poster and agar art awards – closing words – Chair: Eveline Peeters (VUB)</b></p>
Auditorium Albert
